Camp Winchester is committed to conducting its programs and activities in a safe manner and holds the safety of participants in high regard. Camp Winchester continually strives to reduce risks and insists all participants follow safety rules and instructions that are designed to protect the participants' safety. However, participants and parents/guardians of minors participating in the programs must recognize that there is an inherent risk of injury when choosing to participate in recreational activities and programs. You are solely responsible for determining if your child/ward is physically fit and/or sufficiently skilled for the activities contemplated by this agreement. It is always advisable, especially if the participant is disabled in any way or recently suffered illness, injury or impairment, to consult a physician before undertaking any physical activity.

Warning of Risk

Recreational activities/programs are intended to challenge and engage the physical and mental resources of each participant. Despite careful and proper preparation, instruction, medical advice, conditioning, and equipment, there is still a risk of serious injury when participating in any recreational activity/program. Depending on the particular activity, participants must understand that certain risks, dangers, and injuries due to inclement weather, slipping, falling, poor skill level or conditioning, carelessness, horseplay, unsportsmanlike conduct, premises defects, inadequate or defective equipment, inadequate supervision, instruction, and other circumstances inherent to outdoor and indoor recreational activities/programs exist. It is impossible for the Camp Winchester to guarantee absolute safety.
